COURSE: RESIDENTIAL CONSTRUCTION

Suggested Instructional Strategies for:

a. 1. Visit a local building supply store as a class field trip and analyze the various interior trim, doors, and cabinetry available.

2. Make a collection/display of various common trim moldings. (Many times "shorts" can be had at a very reasonable price.)

3. Have the students make a door schedule for their home.

4. Have students check their homes to see what types of
