Revised

Christopher Harper, Superintendent
Mayfield Central School District
27 School St.
Mayfield, NY 12117

Dear Superintendent Harper:

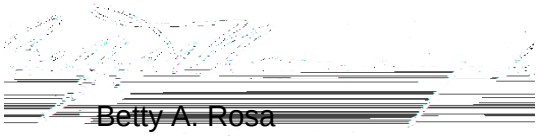
Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the

overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,



Betty A. Rosa
Commissioner

Common Branch Grade One Measures and Assessments

Please indicate below which of the three available measure types will be used for grade one teachers, then choose the specific measure, corresponding assessment type(s), and applicable assessment(s).

*Note*For LEAs that may use both a common branchanddepartmentalized model for grade one:
- Complete this section accordinglyforcommon branch teachers.
- In the “Other Courses” section of Task 2, select the“Elementary” option for applicable subjects in the “Subject” column with the corresponding grade(s)and complete the remainder of that entry as appropriate.

An individually attributed SLO measure

> Teacher and course-specific

Teacher Observation Category

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	**If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.**
Danielson's Framework for Teaching (2011 Revised Edition)	(No Response)

Rubric Assurances

Please check all of the boxes below.

- ☑ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☑ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- ☑ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- **The process for designating observable components (please note: all educators of the same grade/subject must be evaluated based on the same set of observable components);**
- **The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);**
- **How the final score and rating for each observable component of the practice rubric is determined for each observer; and**
- **How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer observer, as applicable) subcomponent of the Observation category is determined based on the final score and rating for each observable component.**

Example: All subcomponents of Domains 2-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domain 4 is weighted as 20%. For each observation, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.

All subcomponents are observed and rated at least once per school year across the annualobservation cycle(s). The subcomponents are weighted equally and averaged to create an observation score. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The final observation score will be calculated as follows:

For each observation:

- Average the subcomponents to the nearest hundredth.

Teacher Observation Subcomponent Weighting

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrators
- At least 80% of the Teacher Observation category score

Required Subcomponent 2: Observations by Impartial Independent Trained Evaluator(s)*
- At least 10%, but no more than 20%, of the Teacher Observation category score

Optional Subcomponent: Observations by Trained Peer Observer(s)
- No more than 10% of the Teacher Observation category score when selected

Please be sure the total of the weights indicated equals 100%.

** If the LEA is granted an annual Rural/Single Building Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the LEA, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. If the LEA is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the processes described in that application.*

Please indicate the weight of each observation type and be sure the total of the weights indicated equals 100%.

90%	10%	0% (N/A)	(No Response)

Observation Assurances

Please check all of the boxes below.

- ☑ Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- ☑ Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.
- ☑ Assure that at least one of the required observations will be unannounced.

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrators

At least one observation must be conducted by building principal or other trained administrator and at least one of the required observations must be unannounced (across both required subcomponents).

- LEAs may locally determine whether to use more than one observation by principal or other trained administrator.
- Nothing shall be construed to limit the discretion of management to conduct observations in addition to those required by this section for non-evaluative purposes.
- The frequency and duration of observations are locally determined.
- Observations may occur in personor by live or recorded video, as determined locally.

Required Subcomponent 2: Observations by Impartial Independent Trained Evaluator(s)*

At least one observation must be conducted by impartial independent trained evaluator(s) and at least one of the required observations must be unannounced (across both required subcomponents).

- Impartial independent trained evaluators are trained and selected by the LEA.
- They may be employed within the LEA, but may not be assigned to the same school building as the teacher being evaluated. This could include other administrators, department chairs, or peers (e.g., teacher leaders on career ladder pathways), so long as they are not from the same building (defined as same BEDS code) as the teacher being evaluated.
- LEAs may locally determine whether to use more than one observation by impartial independent trained evaluator(s).
- The frequency and duration of observations are locally determined.
- Observations may occur in person or by live or recorded video, as determined locally.

** If the LEA is granted an annual Rural/Single Building Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the LEA, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. If the LEA is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the processes described in that application.*

Please also check each of the following boxes.

- ☑ Assure that if the LEA is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver, the second observation(s) shall be conducted by one or more evaluators selected and trained by the LEA, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. See Section 30-3.4(c)(1)(ii)(a) of the Rules of the Board of Regents.
- ☑ Assure that if the LEA is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 4 of the LEA's approved Section 3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.4(c)(1)(ii)(b) of the Rules of the Board of Regents.

Category and Overall Ratings

For guidance on APPR scoring, see NYSED APPR Guidance.

Category Scoring Ranges

The overall Student Performance category score and the overall Observation category score will be converted into a HEDI rating based on the ranges listed in the tables below.

Student Performance Category

HEDI ratings must be assigned based on the point distribution below.

	Overall Student Performance Category Score and Rating	
	Minimum	Maximum
H	18	20
E	15	17
D	13	14
I	0	12

Teacher Observation

HEDI ratings must be assigned based on locally-determined ranges consistent with the constraints listed below.

	Overall Observation Category Category Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00	1.49 to 1.74

Scoring Matrix for the Overall Rating

The overall rating for an educator shall be determined according to a methodology described in the matrix below.

		Teacher Observation Category			
		Highly Effective (H)	**Effective (E)**	**Developing (D)**	**Ineffective (I)**
Student Performance Category	**Highly Effective (H)**	H	H	E	D
	Effective (E)	H	E	E	D
	Developing (D)	E	E	D	I
	Ineffective (I)	D	D	I	I

Category and Overall Rating Assurances

Please check all of the boxes below.

- ☑ Assure that each subcomponent and category score and rating and the Overall rating will be calculated pursuant to the requirements specified in Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that it is possible to obtain a zero in each subcomponent.
- ☑ Assure the overall rating determination for a teacher shall be determined according to the evaluation matrix.
- ☑ Assure that a student will not be instructed, for two consecutive school years, by any two teachers of the same subject in the same LEA, each of whom received an Ineffective rating under Education Law Section 3012-d in the year immediately prior to the school year in which the student is placed in the teacher's classroom unless the LEA has a Department-approved waiver from this requirement.

Page Last Modified: 07/27/2020

Appeal Assurance

Please check the box below.

☑ Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

Appeals

Pursuant to Education Law§3012-d, a teacher may only challenge the following in an appeal to their LEA:

(1) the substance of the annual professional performance review;which shall include the following:

(i) in the instance of a teacher rated Ineffective on the StudentPerformance category, but rated Highly Effective ontheObservationcategory based on an anomaly, as determined locally;

(2) the LEA'sadherence to the standards and methodologies required for such reviews, pursuant to Education Law§3012-d;

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d (3)

Page Last Modified: 08/21/2020

Training Assurance

Please check the box below.

☑ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the approximate duration (how many hours, days) of such training.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Required Student Performance Measures

Student performance for prinicpals may be measured by either a student learning objectives (SLO) or an Input Model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- **Principal and building/program-specific results**:scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configurationor across multiple building/programs where the learning activities of one building/programindirectly contributeto student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA'sfocus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

- **District- or BOCES-wide results**:scores and ratings will be based on the growth of all students across buildings/programs in an LEAwho take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results**: scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEAin the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s)**;or

  Assessment(s) that are selected from the list of State-approved:

- **third party assessments**; or
- **locally-developed assessments**(district-, BOCES- or regionally-developed).

INPUT MODEL

Selection of the Input Model will require:

Page Last Modified: 07/06/2020

- adescription of the areas of principal practice that will be evaluated;
- adescription of how the selected areas of principal practice promote student growth;
- adescription of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Assurances

Please check all of the boxes below.

- ☑ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- ☑ For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☑ For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☑ For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☑ For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chososo sosososososososososo/Ddsatf H

- **District- or BOCES-wide results**:scores and ratings will be based on the growth of all students across buildings/programs in an LEAwho take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results**: scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEAin the current school year.

Student Performance based on an Input Model

An input model uses evidence of principal practice that promotes student growth related to the Leadership Standards.

Selection of the Input Model will require:

- adescription of the areas of principal practice that will be evaluated;
- adescription of how the selected areas of principal practice promote student growth;
- adescription of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective,

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the percentage of Student Performance category attributed to the Required subcomponent willbe locally determined.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Principals' professional performance shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards.

Rubric Name	**If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to.**
Multidimensional Principal Performance Rubric	(No Response)

Rubric Assurances

Please check all of the boxes below.

- ☑ Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- ☑ Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- ☑ Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Process for Weighting Rubric Domains/Subcomponents For guidance on the Principal School Visit category, see NYSE

Scoring Assurances

Please check each of the boxes below.

- ☑ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☑ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visit Scoring Bands

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

Optional Subcomponent: School Visits by Trained Peer Principal(s)

If selected, at least one school visit must be conducted by trained peer principal(s).

- Peer principals are trained and selected by the LEA.
- Trained peer principals must have received an overall rating of Effective or Highly Effective in the prior school year.
- School visits may not occur by live or recorded video.

Indicate the minimum number of unannounced and announced school visits by trained peer principal(s) in the table below.

If the optional subcomponent will not be used, please indicate "N/A" for the minimum number for both unannounced and announced school visits for "All Principals."

PRINCIPALS *Indicate whether the number and method selected applies to all principals or to a subgroup of principals.*	**SUBGROUP** *If "Subgroup of Principals" is selected in the previous column, indicate which principals the number and method selected applies to; otherwise, enter "N/A." For additional subgroups, add another row.*	**UNANNOUNCED Minimum Number of School Visits**	**ANNOUNCED Minimum Number of School Visits**

Peer Principal School Visit Assurances

Please check all of the boxes below.

- ☑ Assure that peer principal(s), as applicable, will be trained and selected by the LEA.
- ☑ Assure that, if school visits are being conducted by trained peer principal(s), these principal(s) received an overall rating of Effective or Highly Effective in the previous school year.

Category and Overall Ratings

For guidance on APPR scoring, see NYSED APPR Guidance.

Category Scoring Ranges

The overall Student Performance category score and the overall School Visit category score will be converted into a HEDI rating based on the ranges listed in the tables below.

Student Performance Category

HEDI ratings must be assigned based on the point distribution below.

	Overall Student Performance Category Score and Rating	
	Minimum	Maximum
H	18	20
E	15	17
D	13	14
I	0	12

Principal School Visit Category

HEDI ratings must be assigned based on locally-determined ranges consistent with the constraints listed below.

	Overall School Visit Category Score and Rating

Principal Improvement Plan Assurances

Please check each of the boxes below.

- ☑ Assure that the LEA will formulate and commence implementation of a Principal Improvement Plan (PIP) for all principals who receive an overall rating of Developing or Ineffective by October 1 following the school year for which such principal's performance is being measured or as soon as practicable thereafter.
- ☑ Assure that PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas.

Principal Improvement Plan Forms

All PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

1) identification of needed areas of improvement;
2) a timeline for achieving improvement;
3) the manner in which the improvement will be assessed;and, where appropriate,
4) differentiated activities to support a principal's improvement in those areas.

As a required attachment to this APPR plan, upload the PIP forms that are used in the LEA.

Teacher Improvement Plan (TIP) Process

The NYS Commissioner's Regulation (30-3.10) requires that any teacher with an annual professional performance review rated as Developing or Ineffective shall receive a Teacher Improvement Plan ("TIP"). A TIP is not a disciplinary action. A TIP shall be developed by the supervising administrator in consultation with the teacher and union representative. At the end of the timeline set forth in the TIP, the teacher, supervising administrator and union representative shall meet to assess the teacher's performance and ability to achieve the goals set forth in the TIP. Based on the outcome of this assessment, the TIP may be deemed satisfied, modified and continued, or deemed as having been unsuccessfully completed by the teacher.
