Non-core/Elective Teachers

Please only check the box below if none of the options for non-core/elective teachers in the table above are applicable (e.g., teachers of art, music, and physical education use different measures and assessments).

Individual non-core/elective teachers are listed in the next section with corresponding measures and assessments.

### Teacher Observation Category

For guidance on the Teacher Observation category, see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

### Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess teacher practice based on the NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of State-approved rubrics

Page Last Modified: 09/22/2022

In the box below, please describe how the observable components of the rubric are combined.

Domains 1 & 3 are both weighted at 42% each. Domains 2 & 4 are each weighted at 8% for a total weight of 100%. Each subcomponent is weighted individually within each domain. For example, in domain 1, subcomponents B, C, D, E are all weighted at 16% each, while A & F are weighted at 18% each. In domain 2, subcomponents A, B, C, D, E are weighted at 20% each. In domain 3, subcomponents A, C, & E are weighted at 18%, subcomponents C & D are weighted at 23% each. In domain 4, subcomponents A, B, C, D, & F are all weighted at 16%, while subcomponent E is weighted at 20%.

### Scoring the Observation Category

There are two types of observation within the required observation subcomponent:

1. Observations by principal(s) or other trained administrators
2. Observations by impartial independent trained evaluator(s)

If an evaluator conducts multiple observations of the same type, how are those observations weighted? (e.g., If a principal conducts two observations, one announced and one unannounced, are those two observations weighted equally and averaged to result in one final score for observations by principal(s) or other trained administrators? Or does one of the observation types receive greater weight, such as the announced observation is weighted 60% and the unannounced observation is weighted 40%?)

- Multiple observations of the same type are weighted in some other manner (please provide more information below)

In the box below, please describe how multiple observations of the same observation type will be weighted.

The announced observation is weighted at 90% of the total evaluation, while the unannounced is weighted at 10%.

Please read the assurances below and check each box.

- Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in the next section, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

### Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall Observation Category Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00*	1.49 to 1.74

\* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

#### HEDI Ranges

Using the dropdown menus below, please indicate the locally-determined rubric scoring ranges based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents for each of the rating categories.

Please select a minimum value between 3.50 and 3.75 and choose 4.00 as the maximum value for the Highly

**Teacher Observation Subcomponent Weighting**

For a definition of terms used in this section, see the Educator Evaluation Glossary.

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrator(s)

- At least 80% of the Teacher Observation category score

Required Subcomponent 2: Observations by Impartial Independent Trained Evaluator(s)\*

- At least 10%, but no more than 20%, of the Teacher Observation category score

Optional Subcomponent: Observations by Trained Peer Observer(s)

- No more than 10% of the Teacher Observation category score when selected

Please be sure the total of the weights indicated equals 100%.

\* The process selected for conducting observations, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Please note that independent Evaluator Hardship Waiver requests must be submitted and approved on an annual basis.

Please indicate the weight of each observation type and be sure the total of the weights indicated equals 100%.

Task 9. PRINCIPALS: School Visits - Rubric and Scoring

Page Last Modified: 02/28/2022

**How are the observable components of the selected rubric(s) weighted?**

- Each component is weighted equally and averaged

**Scoring the School Visit Category**

There are two types of school visits within the required school visit subcomponent:

1. School visits by supervisor(s) or other trained administrators
2. School visits by impartial independent trained evaluator(s)

If an evaluator conducts multiple school visits of the same type, how are those school visits weighted? (e.g., If a supervisor conducts two school visits, one announced and one unannounced, are those two school visits weighted equally and averaged to result in one final score for school visits by supervisor(s) or other trained administrators? Or does one of the school visit types receive greater weight, such as the announced school visit is weighted 60% and the unannounced school visit is weighted 40%?)

- Multiple school visits of the same type are weighted equally

**Please read the assurances below and check each box.**

- Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in the next section, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

**Principal School Visit Scoring Bands**

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall School Visit Category Score and Rating	
	Minimum	Maximum
<b>H</b>	3.5 to 3.75	4.0
<b>E</b>	2.5 to 2.75	3.49 to 3.74
<b>D</b>	1.5 to 1.75	2.49 to 2.74
<b>I</b>	0.00*	1.49 to 1.74

\* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

**HEDI Ranges**

Using the dropdown menus below, please indicate the locally-determined rubric scoring ranges based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents for each of the rating categories.

Please select a minimum value between 3.50 and 3.75 and choose 4.00 as the maximum value for the Highly Effective range.

### Training Assurance

Please read the assurance below and check the box.

- The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent evaluators and peer principals need only be trained on, at a minimum, elements 1, 2, and 4 below.

The Leadership Standards and their related functions, as applicable

Evidence-based observation techniques that are grounded in research

Application and use of any methodology as part of an SLO and any optional second measures of student performance used by the LEA to evaluate its principals

Application and use of the State-approved principal rubric(s) selected by the LEA for use in evaluations, including training on the effective application of such rubrics to observe a principal's practice

Application and use of any assessment tools that the LEA utilizes to evaluate its building principals

Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the LEA to evaluate its principals

Use of the Statewide Instructional Reporting System

The scoring methodology utilized by the Department and/or the LEA to evaluate a principal under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the principal's overall rating and their category ratings

Specific considerations in evaluating principals of English language learners and students with disabilities

### Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Principals and Certification of Lead Evaluators

For a definition of terms used in this section, please see the Educator Evaluation Glossary.

Please answer the questions below to describe the training process for all evaluators.

#### Evaluator Training

Please identify the entity responsible for training and retraining evaluators.

Check all that apply.

- BOCES (for component districts)
- District/BOCES

Please read the assurance below and check the box.

- Assure that the duration of training and retraining is sufficient to train on all 9 elements from Section 30-3.10 of the Rules of the Board of Regents (which includes, but is not limited to, training on the proper application or use of the rubric).

#### Initial training

Do all evaluators receive the same initial training?

- Yes, all evaluators receive the same initial training.

Approximately how many hours of initial training will new evaluators receive?

- 1-3 days

**Educator Evaluation - Ed Law §3012-d, amended in 2019**

Task 11. PRINCIPALS: Additional Requirements - Training

---

Page Last Modified: 02/28/2022

**Retraining**

**Approximately how many hours of re-training (annual, periodic, or other frequency) will evaluators receive?**

- 2-6 hours

**Certification of Lead Evaluators**

**How often are lead evaluators certified?**

- Annually

**Please identify the party responsible for the certification and re-certification of lead evaluators.**

- Superintendent/District Superintendent

**Please read the assurance below and check the box.**

- If the Superintendent/District Superintendent or other party is the entity certifying evaluators, and also acts in the capacity of an evaluator, please assure that the certification process, including such self-certification, is implemented with fidelity.

**Inter-rater Reliability**

**Inter-rater reliability refers to the extent to which different evaluators produce similar ratings in judging the same abilities or characteristics in the same target person or object. Within the context of educator evaluation, inter-rater reliability requires all evaluators trained in the school visit process to reach independent consensus on observable behaviors to ensure the accuracy, consistency, and precision of the implementation of the chosen evaluation rubric(s). It also requires administrators to analyze and track educator evaluation data and ensure that school visits are being completed with fidelity.**

**Select the option(s) below that best describe the process in place for maintaining inter-rater reliability.**

**Please check all that apply.**

- Data analysis to detect disparities on the part of the evaluators
- Periodic comparisons of an evaluator's assessment of the same building principal

- Assure that the evaluation system will be used as a significant factor for employment decisions.
- Assure that principals will receive timely and constructive feedback as part of the evaluation process.

Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

**Assessment Assurances****Please read the assurances below and check each box.**

- Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.
- Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the scoring of those assessments.

**Data Assurances****Please read the assurances below and check each box.**

- Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.
- Assure that the LEA provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.
- Assure that scores for all principals will be reported to SED for each subcomponent, as well as the overall rating, as per SED requirements.
- Assure that procedures for ensuring data accuracy and integrity are being utilized.
