- YES, the LEA has made changes to your approved ARP ESSER application.
- NO, the LEA has not made changes to your approved ARP ESSER application.

1a. Please provide a summary of those changes and the need informing those changes.

The LEA hasn't made any major changes to the approved ARP-ESSER application, but we have added programs and initiatives. These additional programs and initiatives are based on the conversations and data analysis at our follow-up stakeholder meetings to assess the effectiveness and impact the implemented programs have had on our school community. We continually evaluate our school district's needs and provide support as needed.

2. Please provide an analysis of public comment for the updated American Rescue Plan (ARP) - Elementary and Secondary School Emergency Relief (ESSER) funding.

We created an email address grants@ccsdli.org and provided links on our website to both the FS-10 Budgets and Budget Narratives. Through our social media outlets and website posts, we encouraged the public to review these documents and provide feedback. However, we didn't receive any emails providing comments or feedback.

3. Please provide a description of program goals and per pupil teacher ratios for priorities supported by ARP - ESSER funding. Click on "Add Row" as needed to include additional program goals.

Program Goals	Per Pupil Teacher Ratios (# : #)
The LEA's overall program goal for these funds was to provide support to our school community to return safely to in-person instruction and overcome the challenges of the COVID-19 pandemic. These goals include coordinating efforts to provide mental health services and support and implementing activities related to summer learning and enrichment. One of our main goals was to address the academic impact of lost instructional time amount all of our student groups. To address the impact of lost instructional time we provided various programs throughout the summer and school year. In addition, we want to bring back any programs that couldn't run during the first two years of school returning from the pandemic.	20:1

4. Please provide detailed summaries of investments in current year activities for ARP - ESSER funding. Click on "Add Row" as needed to include programs.
