This updated plan must include:

- Balance of funds spent in priority areas.

Instructions

The *State Budget Reporting Survey* is due by July 1, 2022.

LEAs must complete all sections and are required to answer questions marked with a red asterisk. If a required question has not been completed, the business portal will highlight it in red and the section of the application will be flagged. The applicant will be unable to submit the application to NYSED for final review if a required question remains unresolved.

The online application may only be submitted/certified by the chief school officer of the applicant LEA. The designated superintendent (public school LEAs) or the chief executive officer, board of trustees president, or school employee designated by the board of trustees (charter school LEAs), are the only administrators with the submit/certify rights necessary to successfully submit and certify a completed application for NYSED review.

LEAs are NOT REQUIRED to send hard copies of survey materials to the Department.

American Rescue Plan (ARP) Spending Plan Reporting

1. Have you made changes to your approved ARP - ESSER application?

- YES, the LEA has made changes to your approved ARP ESSER application.
- NO, the LEA has not made changes to your approved ARP ESSER application.

2. Please provide an analysis of public comment for the updated American Rescue Plan (ARP) - Elementary and Secondary School Emergency Relief (ESSER) funding.

We provided an opportunity for public comment in multiple formats including:

1. Presentation at our public Board of Education Meeting (3/16/2022)
2. A link on our webpage that includes our plan and a forum to email comments/suggestions on the plan (ongoing)
3. A survey was administered to our stakeholder groups 6/2022)

The comments at our board meeting were positive and supportive. To date, we have not received any emails on possible suggestions, and 26 responses to the survey administered (approximately 2.5% response rate)

At this time the sample size of the feedback/public comment is not large enough to justify substantial changes to the plan. We have experienced minor changes to our plan based on changes in mandates (ex. health screening)

The District has embarked on a Strategic Planning Process. The stakeholder data collected through this process will be aligned with ARP goals to support possible revisions in 2022-2023.

3. Please provide a description of program goals and per pupil teacher ratios for priorities supported by ARP - ESSER funding. Click on "Add Row" as needed to include additional program goals.
