<p>strategies in and outside of the classroom. This is especially important as teachers and students address the impact of the disrupted educational experience of the last 18 months and transition to a more consistently in-person post-pandemic learning experience. Teachers can support differentiation in teaching and to make academic content and lessons more engaging to students which, in turn, will support learning acceleration. (see Reigniting Learning: Strategies for Accelerating Learning Post-Crisis: A Review of Evidence, United States Agency for International Development, November 2020, https://www.eccnetwork.net/sites/default/files/media/file/Technical_Report_Accelerating_Learning_Post-Crisis_Full_Report.pdf) These investments will promote interactivity and classroom collaboration and provide teachers with greater flexibility in their curriculum development, lesson planning, assessments and instruction.</p>	
<p>Program Goal 3 – To Address the impacts of COVID-19 on students, including the impacts of interrupted instruction and learning loss and the impacts on low-income students, students with disabilities (SWDs), English language learners (ELLs) and homeless students through investments in both academic and SEL programming. Our investment in a quality academic program includes the addition of three teaching assistants to reduce the teacher to student ratio and to support the Icahn Co-Teaching Model; a variety of important professional development opportunities for teachers as they address the academic needs of returning students. Our investment in school SEL programming centers on the inclusion of cultural music and theater enrichment programming to connect to the broader nature of our students as a means of stimulating their engagement in their academic as well as their social-emotional development.</p> <ul style="list-style-type: none"> • <i>Academic Programming:</i> <p>Three Teaching Assistants PD for teachers working with students after the long COVID 19-required absence from in schooling:</p> <ul style="list-style-type: none"> • Math – Lavinia Group • Lead Teacher/New Teacher Program – Educate Inc. <p>Math Program – Illustrative Mathematics Math and ELA concepts – SHSAT K-7 Residency Arts program – LEAP, Inc Science Residency Program – NY Hall of /science</p>
