

Artistic Processes

The page features a large white rectangular area on the right side, framed by a grey border. This area is intended for content related to the 'Artistic Processes' section. The left side of the page is divided into a grid of colored blocks: a teal block at the top left, a light purple block below it, a red block below that, and a gold block at the bottom left. To the right of these blocks are larger blocks in shades of pink, light green, and lime green, and a grey block at the bottom right. The entire page is framed by a teal border at the top and bottom.
