

Which Assessments are Used to Produce the State-Provided

Table 1. Assessments used for the Grades 4-8 MGP

Prior Year Assessments	Current Year Assessment (State-Provided Growth Model)					
		Grade 4	Grade 5	Grade 6	Grade 7	Grade 8
Prior Years, Same Subject	Grade 3	Required				
	Grade 4		Required			
	Grade 5			Required		
	Grade 6				Required	
	Grade 7					Required
Immediate Prior Year, Opposite Subject	Grade 3					
	Grade 4					
	Grade 5					
	Grade 6					
	Grade 7					
Immediate Prior Year NYSESLAT	All					

Table 2 shows the assessments from prior years used as adjustments as rows for each grade-level model shown in the columns. For the 2018-19 ELA MGP model, students are required to have either a grade 7 or 8 ELA assessment to be included in the model. Similarly, to be included in the math MGP model, students must have either a grade 7 or 8 math assessment. Optional adjustments include grade 7 and 8 opposite-subject assessments, the number of Regents Examinations passed to date, and grade 7 or 8 NYSESLAT score. For the 2018-19 GRE model, students are required to have a math and ELA assessment in grades 7 or 8 to be included in the model. Optional adjustments include the number of Regents Examinations passed to date, and grade 7 or 8 NYSESLAT score.

Table 2. Assessments used for the Grades 9-12 MGP and GRE Models
